Title: DAHIN GETRÄUMT – 24 Nocturnes

24 Nocturnes...

24 musical dreams, performed during 24 nights...

A grand piano... - and an artist giving us a lift on his dreamed-along journeys...

There is no plan, not even an intention, and it won't bear repeating.

PETER LUDWIG and his grand piano blend into one another.

Listening to DAHIN GETRÄUMT makes us companions, fellow-travellers, accomplices.

Music in secret, for more than 24 nights dreamed along.

For some time, the name of Peter Ludwig stands for outstanding interpretations and compositions in the field of Tango music. 3 previous CDs released by ORIENTE Musik (Trio Obscur: "éclairage intime", RIENC32, and "Tango Metropol", RIENC46; Tango Immortale: "Lisboa", RIENC49) are the convincing proof.

Moreover, he gained a name for his work as a composer and arranger of stage and screen music. His new CD is probably his most private work and gives evidence of the relation between a great solo performer and his instrument.
